ABOUT ME

As a full-stack developer, I bring a comprehensive range of technical skills and expertise to the table, including proficiency in front-end, back-end, and database technologies. With year of experience in the field, I have developed an understanding of how to build and maintain complex web applications from end to end. I am well skilled in languages such as JavaScript, HTML, CSS, PHP, MySQL (Database), Firebase(Database) and have experience with frameworks like React js, Angular js, .Net. In addition to my technical skills, I am also a strong communicator, able to collaborate effectively with team members and stakeholders to deliver projects on time and to a high standard.
